

## **ARM WRESTLING, TUG-OF-WAR, TABLE TENNIS - UGP**

IIPM is not only spending time in the class, attending lectures and in library, especially for UGP students who spend most of the time in the campus as compared to other students. So, we organized a Tug of war, Arm wrestling and Table Tennis tournament to provoke our future leaders and little teenagers to show their skills by participating in the event.

UGP students showed some incredible enthusiasm and winning skills...to compete and strategize- to be a winner. It was fun to watch all of them bending their backs in tug of war, putting their all muscle power in arm wrestling and dribbling the ball and hitting the ball in table tennis. The game was played in true spirit and thanks to the wonderful crowd that cheered their class mates through out the event....In all, it was a great experience for students to deviate from their daily routine and have fun in group.
