

JAZZ FIESTA

Relaxing in the classroom – sounds odd. However it was a reality in IIPM Ahmedabad when students were dancing on the floor of classroom in **“JAZZ FIESTA”** in spite of their hectic academic schedule including classes, meeting deadlines, assignment submission and preparing presentations.

JAZZ FIESTA was basically a 2 Hrs stress reliever session conducted by Varun Celly (a student from PGP/FW/07-09 batch) under the banner of Alchemy club. He taught the basics of Jazz dance, in its purest form, focusing on proper jumps and turns as well as some glimpses of hip-hop styles to nearly 40 students of IIPM Ahmedabad. It was a really a stress relieving time on one hand and learning experience on the other. Students ended the session with craving for more!

Snapshots of the workshop:
