

Bhopal, the capital of the central Indian state of Madhya Pradesh has evolved over the years as an important industrial centre. Additionally, it also offers an excellent academic environment with various research institutes of national prominence present here. This City of Lakes has also been in a phase of transition, trying to shed off its traditional past and move into a dynamic future attracting corporate from India and abroad to set up their facilities here. IIPM moved in to set up one of its newer centres in this city in 2009, seeing the rising demand for well-trained and qualified management graduates in the state. The campus is located in the heart of Bhopal within close proximity to the main commercial hubs of the city.

Infrastructure:

The campus at Bhopal is located in one of the fastest growing areas of the newer stretches of the city - Sarvadharm, Kolar Road. The entire building is centrally airconditioned and is completely wi-fi enabled giving students complete access to online resources from anywhere in the building. As in other IIPM campuses, classrooms here are equally spacious, fitted with LCD projectors and other A/V equipments. The campus library is stocked with over 5000 management titles apart from dailies, periodicals and academic journals. The library area also has a mini computer section, which enables students and faculty members to make quick notes while studying.

The campus provides a variety of indoor recreations in the form of pool, table tennis, carrom, darts, chess, etc., and the canteen is one of the most preferred locations for the students to be at any given point of time. The campus also has a fully equipped multi-gymn which is manned by a certified instructor.

Dean : Prof. Jaideep Mathur

Faculty

At IIPM Bhopal, faculty comprises of professors from various state Universities, research institutes and corporate individuals or independent academicians. People across a diverse age group with different academic or professional backgrounds share their knowledge and expertise with the students, shaping the young men for the challenges of tomorrow. All faculties at IIPM Bhopal are easily accessible to the students and learning through them is not just confined to the classrooms but extends much beyond. Students also get an opportunity to work closely with them for various industry projects and research works which help them with real-time practical exposure. Apart from the team of visiting professors, at IIPM Bhopal, a young team of permanent professors are available round the clock to guide and mentor students on any subject area, round the clock.
