

IIPM Dehradun is one of the newer IIPM campuses to come up in 2009 in the picturesque city of Dehradun, the education hub of Uttarakhand. With a multitude of reputed schools in the vicinity, IIPM Dehradun is strategically located to offer a world class academic experience to students who plan to venture further in business studies. Within the past few years the institute has already left a mark of itself in this part of the country. Located on the main Rajpur Road, the lifeline of Dehradun connecting Mussorie, the campus is easily reached from every corner of the city within few minutes. Surrounded by mountains and greens, the campus provides a very refreshing environment for both the students and faculty members.

Dean : Prof. Vivek Chaturvedi

### Infrastructure:

IIPM Dehradun operates from a spacious 4-storey building covering around 20,000 sq ft of built up space. It has 6 spacious well equipped air-conditioned classrooms which have all the modern presentation and A/V facilities. The second floor of the building has a well-stocked library with more than 5000 management titles. Additionally, the library also subscribes to all the latest business magazines and periodicals apart from various national and international management journals. The campus also has a large Auditorium, Conference hall, state-of-the-art gymnasium and a student entertainment zone with facilities for pool, table tennis and various other indoor games. The third floor of the campus houses one of the most favorite destinations for the students - the IIPM cafeteria, which offers a choice of scrumptious food and snacks at a subsidized rate.

## Faculty:

IIPM Dehradun campus has a pool of highly experienced faculty members - many of them holding a doctoral degree or coming from a professional background. All the academicians bring with them years of research to share the same with the students while people coming from the corporate world passionately share corporate best practices, empowering the students with both knowledge and practicality. The faculty members additionally guide the students in developing managerial skill sets through various activities and games, helping students to stay abreast with competition.
